The editors of the 1965 "Tiger's Roar" have worked long and hard trying to bring to you a bigger and better book. We have tried to catch the prevailing spirit and bring it to you in this picture album. We hope that when this edition is placed on the Cathedral shelves of history, it will often be dusted off and enjoyed, not only by those instrumental in its making, but by everyone who was part of this year's history.

My dear Graduates:

Your years at Cathedral High should help you to determine wisely and prudently regarding the future. It is far from being too late to consider a vocation to the priesthood or to the brotherhood. Ours is a competitive age. You have been taught to avoid the mediocre which is always crippling. Whatever your choice, give it your best efforts.

So live that it may always be said of each of you: "Our Lord looked upon him and loved him."

To you, my sons in Christ, I send my blessing.

Devotedly yours in our Lord.

Dedication

In 1931, BROTHER ALFRED FABER received his religious habit. He came to Cathedral in 1939, teaching for one year. In the following years, he continued his teaching at various schools, including: St. Peter's College, now known as Catholic High of New Iberia, St. Michael's High in Santa Fe, De La Salle in New Orleans, and A.I.C. in Opelousas.

However, in 1959, he returned to Cathedral, and will be back again for the 1965-66 school term.

Brother Faber has received his B.A., B.S. and M.A. degrees from the University of Southwestern Louisiana. He has also had the opportunities to attend U.S.L. and a college in Oak Ridge, Tennessee, on National Foundation Grants.

Brother's favorite subjects are Chemistry, Math and Physics. Although his teaching schedule is filled with these courses, he sometimes adds Religion IV to his duties.

In Admiration

The yearbook staff of 1964-65 affectionately dedicates this book to you, Brother, in appreciation for your devotedness and patience in dealing with the boys from Cathedral.

Dear Students:

Congratulations to the "C" Club members and other students who worked hard to make this book financially possible and then edited it.

I am confident that you will find this book a source of much joy in years to come. It is my prayer that it will also be a reminder and an inspiration to live the Christian life that you are now learning to understand.

Sincerely,

Brother A. Nicholas

Faculty

Brother Nicholas has been our principal since January of 1963 and has gained the respect and admiration of the entire student body in this short time. He has helped Cathedral to its feet and brought back the respect due to our school. He has encountered many a rough situation, but his ability to solve the problem has always been outstanding.

We, the student body of Cathedral High, extend to you our thanks, and wish you many more happily filled years here.

Our Leaders

Brother Raye, our assistant principal, came to us from St. Paul's in Covington. In his first year at Cathedral, Brother Raye honored the seniors by serving as their sponsor. In the absence of Brother Nicholas, he took over the duties of principal and handled them with commendable leadership.

Cathedral High welcomes you, and hopes that your years of service here will be self-rewarding.

WE CAME, WE SAW, AND WE CONQUERED--

Now we must begin again, for what we have conquered is nothing compared to what stands before us today--and we must now answer the question - To be or not to be? For twelve years we have been growing for this day. Now we've made it, and though yesterday we were children and followers, today we are men, and tomorrow we beg of you, let us be leaders.

We thank all of our parents for their long endurance and patience with us. Had it not been for them we could never be graduating.

We thank the Brothers for everything; they have trained us well and we are very proud that we're Brothers' Boys!!!

In conclusion we promise everyone that for the 54 Graduating Seniors of '65, tomorrow will never hold defeat, possibly setbacks, but never Defeat!!!

Valedictorian
Russell Romero

"Four Preludes on Playthings of the Wind," a poem written by Carl Sandburg, effectively conveys the key thought that should permeate our lives: The doors were cedar and the panels strips of gold and the girls were golden girls and the panels read and the girls chanted: We are the greatest city, the greatest nation: nothing like us ever was. The doors are twisted on broken hinges. Sheets of rain swish through on the wind where the golden girls ran and the panels read: We are the greatest city, the greatest nation: nothing like us ever was. And the wind shifts and the dust on a doorsill shifts and even the writing of a rat footprints tells us nothing, nothing at all about the greatest city, the greatest nation where the strong men listened and the women warbled: Nothing like us ever was.

And so too, we will someday no longer be, and all efforts will have been wasted, all the time spent trying to solve our problems will have been squandered, all the thought, all the labor, all the hope, joy, fear, and pain will have been in vain, if we have not done all this with the spirit of love--that is the key to life, the answer to our problems-- and that, that is the Challenge of the future!!!
